Performance Analyst

Morley is one of the UK's largest asset managers with over £165 billion under management. AVIVA is the world's 5th largest Insurer. AVIVA recently announced the creation of AVIVA Investors, with offices in 15 locations and over 1300 employees. This takes AVIVA Investors into the top 20 asset managers in the world.

Our Performance prides itself in providing a superb level of services, analysis & support, that help to shape Morley's investment decision making and distribution processes at the highest levels. To complement the team, we are seeking someone with proven Performance experience, sound knowledge of both the theory and practice of performance measurement and analysis, experience of GIPS, a good standard of education (with CFA or CIPM being highly desirable) and a strong ethic for great customer service, accuracy and attention to detail. Knowledge of a second language such as Polish, French, Indian or Chinese would be desirable.

In return, we can offer you a challenging and developmental assignment in a friendly and supportive team environment, with an excellent salary and benefits.
